

COSF STRATEGIC PLANNING SESSIONS

The City of South Fulton is excited to announce four Strategic Planning Sessions for residents. These sessions serve as enhanced versions of the 2018 sessions and as opportunities for residents and community members to get involved in the City's FY2019 strategic planning process.

Residents and community stakeholders will participate in a discussion and a brief survey to help the City meet the five strategic goals as outlined by the City's executive leadership team, Mayor and Council.

Find the session closest to you below and join us!
