City of South Fulton Government

City of South Fulton Hosts Four FY2019 Strategic Planning Sessions

Increasing public engagement and transparency

(CITY OF SOUTH FULTON, GEORGIA, Monday, February 4, 2019) The City of South Fulton is excited to announce four Strategic Planning Sessions for residents. These sessions serve as enhanced versions of the 2018 sessions and as opportunities for residents and community members to get involved in the City’s FY2019 strategic planning process.

“The strategic plan helps everyone to know where the City is headed and how we plan to get there,” stated City Manager Odie Donald II. “Incorporating feedback and thoughts from residents and other stakeholders ensures that elected officials and the City’s executive leadership’s vision is aligned with those we serve.”

Residents and community stakeholders will participate in a discussion and a brief survey to help the City meet the five strategic goals as outlined by South Fulton’s executive leadership team, Mayor and Council. Those strategic areas include:

- Developing Strong, Healthy Teams
- Improving Infrastructure and Solidify Finances
- Increasing Community Collaboration and Quality of Life
- Focus on Economic Development
- Creating an Efficient Government

Find the session closest to you below and join us!
