

# City of South Fulton Zoning Rewrite Workshops

**Please Join Us!**

The City of South Fulton is conducting the Zoning Rewrite process which updates the City's Zoning Ordinance. This is an important step toward creating an ordinance that reflects the City's interests. Zoning is all about the legal use of land. You are invited to participate in upcoming workshops to learn more about the process and to provide your input. Please join us at one of four meetings below being conducted citywide. All meetings will have the same content, so you may attend either or all of them. Please plan to attend!

**Note Location Change for June 13!**
