### **City of South Fulton Releases Additional Transparency Tools**

#### *Tools highlighting the Mayor's Community Walk #3*

(CITY OF SOUTH FULTON, GEORGIA, Wednesday, August 15-) The City of South Fulton presents the Mayor's Community Walk #3 Initial Report and video for residents to review.

The report details the findings of the Mayor's third community walk which took place Wednesday, July 25, 2018. The walk serves as a tool to help city officials address and track concerns of business owners and residents in the community, in real time.

The report is another example of our continued focus towards transparency and community engagement. The monthly activity also gives City representatives an opportunity to increase access to City services and improve community relations.

A 30-day report is to follow and provides a status update on issues discovered during the initial walk. Each department is responsible for addressing issues that apply to their respective areas.

The City has also released the June 27, 2018 Mayor's Community Walk 30-Day Report as a follow-up to the initial report.

The City of South Fulton values clear and honest communication while striving to provide exceptional public service. Elected officials and staff are dedicated to openness, ethics, and fiscal responsibility. The transmission of the FY19 Proposed Budget Book and the Mayor's Community Walk Reports are steps towards that dedication.
