

The City of South Fulton wishes to be inclusive and innovative while furthering its commitment to its constituents, residents and business owners. As part of that commitment, our City Mayor and Council wishes to take the necessary time to review and update Fulton County's Zoning Ordinance, adopted at our incorporation last year.

This document was written in 1955, with limited updates and amendments. On Tuesday September 18, 2018, our Mayor and Council instituted a 90-day moratorium for Districts 2, 3, 4, 5, and 6. This moratorium will include Rezoning Applications, Use Permits, Modifications and Variances within said districts. We have hired an extremely knowledgeable and highly experienced firm to assist the Planning Department in updating this Ordinance and adopting it as our own. This moratorium is one example of our efforts to provide exceptionally thorough services to all City stakeholders.

The Planning Department is available to accept zoning applications in Districts 1 and 7. The Zoning Application process is scheduled to convene for Districts 2-6 on December 18, 2018.

Please feel free to call the Planning and Zoning Division as they can still assist you with your developmental needs.

We appreciate your business and look forward to continuing to serve you.
