**South Fulton Police Department Embraces Community Policing to Fight Crime**

**(City of South Fulton, GA – February 20, 2020)** – Dozens of area residents and business owners from Camp Creek Village in South Fulton gathered with Mayor William “Bill” Edwards, District 2 Councilwoman Carmalitha Gumbs and Chief of Police Keith Meadows to discuss how to fight crime and solve parking woes in and around the retail shopping center.

“We are dedicated to improving security for residents and merchants at Camp Creek Village. One of the steps our department has taken is the placement of the Butner Road precinct inside of the shopping center,” Meadows said, “We are asking the community to help us create solutions to fix the parking and security concerns that exist...this is community policing.”

Merchants suggested adding valet parking to alleviate the lack of parking spaces; while residents asked for their community to become gated to eliminate crime.

“It is the responsibility of the city and the community to work together to find the best solutions to fight crime so that every person who visits Camp Creek Village will have a good experience and feel comfortable whether they are enjoying nightlife or dining at a restaurant,” said Gumbs.
