### **The City of South Fulton Enters into Contract to Provide Public Works and Sanitation Services to Residents**

(CITY OF SOUTH FULTON, GEORGIA, Monday, October 29-) The City of South Fulton City Council, approved a contract with CH2M Hill, Inc. to provide Public Works Services to City of South Fulton residents. The Resolution does not increase or decrease the FY 19 Budget approved on Tuesday, September 18, 2018.

The firm will perform functions to include road and highway maintenance and traffic operations.

Sanitation Services will also be administered under the Public Works Department. In its October 9 meeting, the City of South Fulton City Council approved the ordinance that allows residents to select the vendor of their choice for sanitation and recycling services.

On October 23<sup>rd</sup>, the Council amended the ordinance on October 23<sup>rd</sup> to adjust the insurance limits for sanitation providers from \$ 2.5 million to \$1 million. This decision allows smaller haulers to compete to provide sanitation services to the Citizens of South Fulton.

“I am excited to see our City moving forward in a positive direction to continue our efforts in providing quality services to South Fulton residents. Roadway and highway maintenance along with sanitation pick-up and recycling are essential services for the sustainability of any city and the economic vitality of its businesses,” said City Manager Odie Donald.

The City is working to qualify interested vendors. Once the process is complete, a comprehensive list of qualified sanitation providers will be added to the City’s website at [www.cityofsouthfultonga.gov](http://www.cityofsouthfultonga.gov)
