City of South Fulton Police Department Launches Website

South Fulton, GA (July 29, 2019) Today, the City of South Fulton Police Department launched its new and improved website. After months of hard work and dedication, we are delighted to announce the launch officially. The new site launch is available, and the URL is <https://www.cityofsouthfultonga.gov/2247/Police-Department>.

The new website is interactive and gives better access to Department News, Forms, Command Staff, Education and Events, Employment Information, and much more. Citizens and prospective recruits will find useful information about our services on the homepage of the website.

Amongst the newest features, the site contains integrated social media buttons for Facebook and YouTube to foster improved communication and community policing with our citizens. We will constantly be updating our content with helpful information, articles, and crime related information. Also on the site, we will be updating crime statistics weekly for each of our districts in the city.

We hope you find the new website with a fresh, vibrant look. The website will continue to build upon our commitment to providing exceptional customer service and fulfilling our Mission:

The Mission of the City of South Fulton Police Department is to provide high-quality police services in cooperation with our communities while implementing 21st Century Policing principles and adopting a guardian mindset as we serve the public. We will perform our duties with the highest degree of professionalism, dignity, respect, and excellence in policing.
