City of South Fulton Government

Council Passes Code Enforcement Ordinance that will Help Demolish Blighted Properties

(CITY OF SOUTH FULTON, GEORGIA, November 12, 2019) On Tuesday, the City of South Fulton Council passed the Code Enforcement Ordinance that will help increase the city's blighted property abatement fund. The measure, sponsored by Councilman khalid kamau, aims to destroy unsafe and unsightly property within the City of South Fulton.

The law puts the interests of City of South Fulton residents and the general public first.

Councilman khalid said the law will hold absentee landlords accountable.

"It is the first time we are dedicating funds to demolish blighted properties," said District 6 Councilman khalid. "This ordinance will allow us to do more than write code citations."

According to Shayla Reed, Community Development and Regulatory Affairs Director, the city and its Code Enforcement Division are looking forward to furthering the public health, safety and welfare of community members.
