### **Police to Citizen Tool Allows City of South Fulton Citizens to Report Non-Emergency Incidents More Efficiently**

(CITY OF SOUTH FULTON, GEORGIA, November 18, 2019) The City of South Fulton Police Department has taken another step toward improving safety within the community by implementing the Police to Citizen portal to make it easier for residents to report non-emergencies in their communities.

The tool allows residents to report non-emergency incidents, such as aggressive driving, bad checks, criminal trespass and vandalism, lost or mislaid property, suspicious activity and theft by taking. Residents may not use this tool to report stolen vehicles, runaways, missing persons or incidents where evidence may need to be collected.

According to Deputy Police Chief Connie Rogers, the portal offers citizens a faster, more efficient alternative to reporting non-emergency incidents in their neighborhood.

“The City of South Fulton is committed to providing quality service around the clock,” said Rogers. “This new tool will improve citizen-police relationships. The community is safer when our citizens are engaged, and this new tool will help advance those efforts.”
