South Fulton Police Make Key Arrest in Connection with Heinous Crime

South Fulton Police Work Diligently to Rid the City's Neighborhoods of Crime

(CITY OF SOUTH FULTON, GEORGIA, Monday, August 21 -) Last evening South Fulton Police arrested one suspect in connection with a double homicide that happened in the Three Lakes Subdivision earlier this year and two suspects in connection with burglaries that happened in the area.

Detectives in the Special Operations Division arrested Adrian Chappell, Montavious Powell, and a Juvenile (age 16) at a home located inside the Three Lakes Subdivision around 8:00 p.m. in the evening.

Chappell was wanted by the South Fulton Police Department in connection with a double homicide in the subdivision in May of this year.

All three suspects were wanted on burglary charges from Fulton County School Police. Powell and Chappell were transported to the Fulton County Jail. The Juvenile was transported to the Atlanta Regional Youth Detention Center.

“City of South Fulton Detectives worked around the clock to solve this homicide and this closure brings us one step closer to becoming a safer city,” said Police Chief Keith Meadows.

“The constituents of the City of South Fulton have plainly told us that their highest priority is public safety,” stated Mayor William Bill Edwards. “Our aim is to continue this type of outstanding work so that all the people of South Fulton can feel safe and secure. Let it be known that if you do crime in our city, under our new and improved police force, we will apprehend you and bring you to justice.”

A press conference is being held at City Hall located at 5440 Fulton Industrial Boulevard SW Atlanta, GA 30336 at 1:00 p.m. today to discuss additional details about the arrest.
